They are telling a story on Dr. F. B. Huxmann, which the doctor, it is said, did his best to prevent becoming known. According to the version heard by The Optic, Dr. Huxmann, while hunting on one of the lakes north of here last Sunday, fired at a bunch of ducks. The gun hung fire. While the doctor was preparing to examine the weapon to discover the cause of its failure to act, the gun was discharged. Dr. Huxmann, who was standing in a boat, was knocked into the water. He managed to retain his grip on the gun and clamber back into the boat, which was nearly submerged. It is said that a friendly wind blew the boat to shore; otherwise the doctor would have been there until now.

Nearly 100 Elks have signed the agreement to participate in the big Fielding moving picture production, "The Golden God." At their recent meeting the Elks decided to organize a bunch of actors to participate in the picture, for which Mr. Fielding requires 5,000 people. The action of the lodge has met the approval of all the members. The salaries paid the Elks will be turned over to the building fund of the lodge. The action of the Elks was taken at their own volition, but it is said to have been approved by Mr. Fielding. W. O. Wood is at the Elks' Romero House and Fire company's station daily, receiving "enlistments" for the picture. Those who are willing to assist Mr. Fielding should call on Mr. Wood at once. The wages paid are \$2 per day for unmounted men and \$3.50 per day for equestrians.
